

ABLOY

60-0419-SSS Infomation

The Abloy Futura 60-0419-SSS is a stainless-steel handle set Grade 304, that has been tested with the EL560 and EL561 to provide full compliance to the Escape standard BS EN179.

Manufactured from 19mm round bar with the handle mounted on a long plate that includes a cut out for the cylinder on the external and internal plate plus an additional blank plate if a half cylinder is used. The handle set is aesthetically pleasing and functional.

Supplied with 8mm solid spindle.

Finish: Satin Stainless steel.

Compliance: When fitted with the above locks BSEN179
