

ABLOY

60-0719-SSS Information

The Abloy / Futura 60-0719-SSS is a stainless steel handle set that has been tested with the EL420 and MP420 to provide full compliance to the Escape standard BS EN179.

Manufactured from 19mm round bar with the handle and knob mounted on a long plate that includes a cut out for the cylinder on the external plate. The handle set is aesthetically pleasing and functional.

Finish: Satin Stainless steel.

Compliance: When fitted with EL520 BSEN179.
